

# Fusion Transition Training

## Course Outline

Fusion is the new RAHB MLS<sup>®</sup> interface. Fusion gives you everything MLXchange did and more. If you are familiar with MLXchange and its many features and have occasionally visited Fusion but return to MLXchange because you are not yet comfortable working with the new design, Fusion Transition Training will get you up to speed. Now is the time. **MLXchange will no longer be available to you as of July 2013.** This 3-hour, 2-credit hands-on course will give you the chance to explore tools in Fusion that you need for your day-to-day activity.

## Fusion Computer Course Descriptions

All Fusion computer courses are delivered as hands-on training and held in the computer lab at RAHB, which is in the Chambers Room on the Concourse Level. You must have a valid User ID and password.
